Hello -

The Center for Staff Development is now accepting applications for our brand new **EOHHS Succession Planning Program**! Succession Planning is an intense nine-month program designed to establish pools of competitive candidates for positions that are at high vacancy risk in EOHHS. Learning will take place using a variety of formats, including instructor-led and eLearning courses, speaker forums and an individual project.

There are five Succession Planning Tracks and applicants indicate which track they are applying for using the application for that particular track (*links to applications are below*). **Applications for the inaugural class are due to the Center for Staff Development by September 21, 2012** and the program will run from late October 2012 to June 2013.
